PLEDGE OF ALLEGIANCE

CHEMIC SALUTES

Wilson Shinske - A tremendous salute goes out to acknowledge Wilson's recent life-saving actions in which he helped pull a motorist from a burning car and provided desperately needed medical attention until an emergency response team could arrive. His courage and quick action directly led to saving that person's life. We're proud to be able to claim him as a Chemic!

Boys' Wrestling - Congrats to Cole Shelb for earning the regional champion title at the recent individual regional wrestling tournament. Along with that, Cole also earned the 150th win of his career! Shout to as well to Austin Anderson for advancing to the state finals with his 4th-place finish.

Girls' Wrestling - Congrats to Morgan Ludwig for also earning an individual regional championship this past weekend. Along with Morgan, the varsity girls are sending Arden Eschtruth & Halle Spears to the state finals. Way to go, ladies!

Mr. & Mrs. Albright - A big note of thanks to our own "team Albright" for their kindness and support for our fellow Chemics. From all that they do to make sure that current students feel valued in our building as well as in athletics to their support of Chemic alumni, they are a big part of what makes MHS such a special place!

POSITIVE THINKING

Replace Excuses with Changes: Instead of looking for reasons why your life isn't going the way you want it to, put your energy into making changes that will help you reach your goals. Excuses come from a place of negativity, but taking the time to figure out what you can change sets you on a positive path.
