**Positive Thinking ANNOUNCEMENTS:**

**The World Needs You:** You might feel yourself wondering about your purpose or calling sometimes. It's a common thought for most people. Here's the big secret that adults forget to tell teens: You can have more than one purpose and more than one calling. You aren't locked into one thing because you have a gift for it, and there is no rule that you have to follow a straight path from point A to point B. In fact, it's the twists and turns that help you figure out who you really are. Take those twists and turns. See what you are made of. You'll find your way.
