Did you know that today kicks off National Hispanic Heritage Month?

"Each year, Americans observe National Hispanic Heritage Month from September 15 to October 15, by celebrating the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America."

Hispanic Heritage Week began in 1968 but became official in 1988. This Heritage Month covers a 30-day period starting on September 15th and ending on October 15th.

Why is this the Middle of the Month?

September 15th is significant because it is the anniversary of many independence movements for numerous Latin American countries including Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua. In addition, Mexico and Chile celebrate their independence days on September 16th and September 18th.

Next Week we will highlight some famous Hispanic Americans!
