Hey Seniors! You may have noticed a banner of former MHS math teacher and department head Jenifer Sisco hanging in Eyeball Alley near her memorial scholarship plaque. Or, you may have heard something about the scholarship in your math class. If not, come to Eyeball and check it out. There's a QR code near the banner that will take you right to the qualifications for the \$1,000 scholarship and how to submit it. You are encouraged to nominate a peer or apply yourself. See your math teacher, your counselor, or Mrs. Mahabir if you have any questions. The deadline is Wednesday, April 6th.
