We invite you to participate in the entertaining Chemic tradition of compatibility testing. This voluntary activity is intended to be fun and there are no guarantees that you will find the love of your life, but you never know. **This year we customized the survey so you will see questions unique to being a Chemic.** How can you participate? Simply fill out the survey found in your email. Filling out the survey is free and voluntary. The more Chemics that fill out the survey, the higher your chances of finding your match. How can you see your results you ask? Results will be available for purchase during the week of February 7th for \$2 with the proceeds benefitting teacher appreciation activities. This year's results will show not only your most and least compatible matches across the grades, but also you will get some fun birthday trivia. #### IN SPORTS ACTION:

Friday night the Boys Varsity Basketball team defeated Dow High by the score of 65-39. Drew Barrie and Jason Davenport led all scorers with 22 and 15 points as the entire team contributed. More importantly, the Chemic cheering section led by students, staff and the Chemic community, were as vocal of a crowd that Coach Krause has heard in his 20 years of coaching.

To Support this, The Midland Daily News reported,

" Fueled by a massive and deafeningly loud student section, the Chemics rode a tidal wave of energy and emotion to the victory..." The Boys Basketball team wants to thank the people who helped them with the win over Dow last Friday night. GREAT JOB EVERYONE!

On Saturday the varsity wrestling team traveled to Bay City Central for the Saginaw Valley League Championships. Led by Lorenzo Cabrera and Cole Schelb's individual championships, the team claimed the League title with 190 points to Grand Blanc's 149.5. This is the Chemic's 2nd consecutive league title after being co-champions with Davison last year. Also reaching the finals but finishing runner up were River Eurtion-Henderson, John Hine, Dylon Anderson, and Daniel Berg. Daniel Berg also picked up his 100th career win in the semifinals. The Chemics placed top 5 in 12 out of 14 weigh classes on the day. Also standing on the podium for their respective weights were Lucas Berg, Tommy Miller, Wilson Shinske, Merrick Hocking, Lincoln Klinski, and Ryan Ludwig.
