Positive Thinking ANNOUNCEMENTS:

Take One Step: Your dreams and goals will remain just that if all you do is think about them. You have to take action to make your dreams come true and reach your goals. Sometimes it may feel overwhelming, and that's okay. All you have to do today is take one step toward reaching your dream. Tomorrow, you can take a different step. Let's say your dream is to get into an art school after high school. Step one would be to begin with researching the schools and their requirements. What would your next step be? Taking one small step at a time can set your dreams in motion.
