

**MIDLAND HIGH SCHOOL DAILY ANNOUNCEMENTS**  
**FRIDAY NOVEMBER 19<sup>TH</sup>, 2021**

**PLEDGE OF ALLEGIANCE**

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

**ANNOUNCEMENTS:**

Auditions for MHS Drama's Winter Musical, "The Hello Girls," will be THIS Monday and Tuesday, Nov. 22nd and 23rd from 3:30-5:30. The untold true story of the women switchboard operators who served on the front lines in the trenches of World War I, "The Hello Girls," will be performed for the first time in our region on Central's stage. Students should plan on attending both days of auditions and to sing one minute of their favorite show tune. See Ms. Cummins with any questions.

Attention fellow Chemics: a most imperative announcement is coming in this instance! Bible club will be meeting starting this Wednesday, November 24th, at 7am. We will have meetings in the media center. Everyone is welcome to come! Please come to the main atrium entrance to be let into the building. Contact Ben Bucci or Brenden Granzo if you have any questions or need more information. Be there or be square!

Students, the number one most dangerous thing a teen driver can do is drive with other teens in their car! In a recent study, teens were two-and-a-half times more likely to engage in potentially risky behavior when driving with a teenage peer versus driving alone. The likelihood increased to three times when traveling with multiple passengers.

In fact – a teen driver's risk of death per mile driven goes up: 44% when they drive with one passenger. It goes up 102% when they drive with two passengers. And the risk of death per mile driven goes up 339% when they drive with three passengers under 21. That means that when a teen fills up their car . . . Their risk of death quadruples!

Please be careful when you choose to drive with a passenger in your car or you are a passenger in somebody else's car. The best thing you can do to keep yourself and everyone in the car safe is to be mindful rider and not engage in activities that may distract the driver. Please be safe Chemics, Project 111 cares!

**FRIDAY MESSAGE:**

Don't drink and drive, don't drive –

You're fine just the way you are.

Look out for each other, don't judge.

Keep twenty cents in your pocket; we want to talk with you on Monday, not about you.

See the light.

The most important thing is a satisfied mind.

It's all right to be a little bit crazy, just don't do anything stupid.

Remember, it is always the right time to do the right thing.

Chemics, you determine your legacy. What will it be?
