PLEDGE OF ALLEGIANCE

ANNOUNCEMENTS

Chemics! Today is the LAST DAY of Distracted Driving Awareness week! Did you know that those who text while driving are six times more likely to get in an accident than those who drive while intoxicated? Remember to put your phone on Do Not Disturb or Driving Mode to minimize the chance of an accident! Come to Eyeball Alley during lunchtime to participate in a trivia game for the chance to win fun prizes! Drive Safe!

Thank you to all of you that helped to support Skylar Hintz in some way the past couple of days. Together, we raised \$1,000 to support her family. Thank you for purchasing beads, making donations, attending the carnival or any other thing you did to acknowledge her family. Chemics, know that YOU are making our world a better place. A huge thank you goes to all of you that volunteered time at the carnival. You know who you are. You are incredible! THANK YOU!

This month is Asian American Pacific Islander month. Lastly, we are focusing on Kenney Kimmon Lau. Lau was one of many who were denied supplemental language instruction in California. This means that they were not provided with a teacher who spoke their language. Students, including Lau, challenged the school district, and took it to court, which ruled in their favor.

TODAY is the day! Come show off your skills in the chess tournament in the Media Center from 5-7pm. All grade levels and abilities of chess players are welcome to compete! Be there or be square.

Yesterday the yearbook publisher said that we CAN still accept more yearbook orders online through this weekend for the 2023 Chemic Yearbook. Based on some emails & phone calls we have received from parents & students still wanting to order, they opened the online store back up through Sunday night. Please spread the word! Woo hoo! Order online at www.yearbookforever.com.

Curious about all of the colorful signs in Eyeball Alley? Each sign indicates the pathways our MHS seniors have decided to take next year. See names like Andrew Steger attending Purdue University and Laura Brookens attending Spring Arbor University. Along with many others! We want to celebrate our seniors, their high school journeys, and their future plans.

Chemics, you determine your legacy. What will it be? The senior class has provided several responses about what their legacy is at Midland High. This display will be presented in Eyeball Alley and around the school.

Start searching your homes, classrooms, and lockers for any missing library books. All library books are due TOMORROW.

Seniors, if you received the wrong award certificate at the Senior Awards Ceremony, please stop by the counseling office. Mrs. Kirkman will exchange it for the one with your name on it.

POSITIVE THINKING

What You Learn is Yours Forever:

"The beautiful thing about learning is that nobody can take it away from you." – B.B. King

What you're studying today, nobody can take away from you. Knowledge is a power that stays with you as long as you keep using it. Use this power wisely to grow and become the person you want to be.
