Tomorrow is the final day of Adopt-a-Chemic which concludes with a "flash collection" in your 3rd hour class. The top three classes with the most donations per person will win a pizza party, a hot chocolate bar, or cookies. Come on Chemics, finish strong! Look in those couch cushions, check under your bed, and shake your piggy bank!

Tomorrow, the MHS Student Council is sponsoring Art in the Afternoon in the cafeteria from 2:30 - 4:30 p.m. Admission to the event is only \$1 and this includes a canvas or glass ornament, paint supplies, and a light snack. We hope to see you there!

Students we currently have over 170 overdue library books. Please either renew or return them to Ms. McKee in the Media Center as soon as possible.

Students – Do you feel your stress level rising knowing that exams are peeking around the corner at you?

If so, plan to stop by the RWC: Resource Wellness Center on the first floor TODAY, Wednesday, **December 14th**, or Thursday, **December 15th during 7th hour** to learn test anxiety strategies, good study habits, test taking tips and healthy routines that can help you during exam week. The format is open house style...no formal presentation. Discussion, Q&A, lots of useful resources & study supplies will be available. Drop in when you can and grab some helpful resources! Get a few classmates together for a study group and utilize the RWC.

Chemics get those ski poles and boards ready. The Midland High Ski Club is inviting you to join us TODAY January 12th and 26th to take on the backcountry slopes of Caberfae. The cost per trip is \$33 if you have your own gear and \$42 if you need rentals. Everyone is invited. To reserve your spot on the bus your money needs to be turned in to either the office or Mr. Little before break, but hurry Chemics because Christmas break will be here before we know it. For questions, Email Mr. Little.
